

*SUSTAINABLY DEVELOPING THE OUTBACK*

## **PUBLIC NOTICE**

### **Hot Water Issue – Birdsville**

Diamantina Shire Council wishes to advise community members and visitors that due to an electrical issue the pumps at the water tower tripped out last night, they are back up and running, although will take some time for the water to cool.

Council is currently working to implement a resolution to this issue as quickly as possible.

For residents to keep a steady supply of cool water, we suggest that hot water systems be turned off, which will allow for the bore water flowing into them to cool down and be used for general purposes.

We apologise for the inconvenience and it will be fixed as soon as possible.

For more information please contact Jodie Girdler on 4746 1202.
