

3. REVENUE STATEMENT

BACKGROUND

Local Government Act 2009

Section 104(5) (a) of the *Local Government Act 2009* states the following:

The system of financial management established by a local government must include—

- (a) the following financial planning documents prepared for the local government—*
 - (i) a 5-year corporate plan that incorporates community engagement;*
 - (ii) a long-term asset management plan;*
 - (iii) a long-term financial forecast;*
 - (iv) an annual budget including revenue statement;*
 - (v) an annual operational plan.*

Local Government Regulation 2012

Section 172 of the *Local Government Regulation 2012* outlines the requirements of revenue statement:

- (1) The revenue statement for a local government must state—*
 - (a) if the local government levies differential general rates—*
 - (i) the rating categories for rateable land in the local government area; and*
 - (ii) a description of each rating category; and*
 - (b) if the local government levies special rates or charges for a joint government activity—a summary of the terms of the joint government activity; and*
 - (c) if the local government fixes a cost-recovery fee—the criteria used to decide the amount of the cost-recovery fee; and*
 - (d) if the local government conducts a business activity on a commercial basis—the criteria used to decide the amount of the charges for the activity's goods and services.*
- (2) Also, the revenue statement for a financial year must include the following information for the financial year—*
 - (a) an outline and explanation of the measures that the local government has adopted for raising revenue, including an outline and explanation of—*
 - (i) the rates and charges to be levied in the financial year; and*
 - (ii) the concessions for rates and charges to be granted in the financial year;*
 - (b) whether the local government has made a resolution limiting an increase of rates and charges.*

INTRODUCTION

The Diamantina Shire Council is categorised as a Rural Remote Extra Small (RTX) Council and is located in the far central west of Queensland. It is home to a significant cattle industry and growing tourism sector based around its towns of Bedourie and Birdsville, both with a permanent population of approximately 100 people. The shire appreciates each of its 290 residents.

Birdsville is the venue for two iconic annual events, the Birdsville Races and Big Red Bash.

The Council has a forecast revenue budget of \$31.066 million for the 2020/21 financial year, comprised mainly of rates and charges imposed by the Council, Commonwealth and State Government grants and subsidies, sales and recoverable works, fees and charges, rental income, interest and other income.

Council's estimated revenue for the forthcoming year is:

- In accordance with its adopted Corporate Plan and Operational Plan;
- Set at a level which considers the current economic climate;
- Set at a level which considers the services which are to be provided to the community;
- Set at a level that is considered fair and equitable; and
- Set in accordance with Council's adopted Revenue Policy.

PERIOD

This statement applies from July 1, 2020 to June 30, 2021.

RATING

Differential General Rates

General rates are levied to help fund Council's administration as well as services, facilities and activities that are supplied or undertaken for the benefit of the community in general (rather than a particular person).

The Council is required to raise an appropriate amount of revenue to maintain assets and provide services to the shire as a whole. In deciding how this revenue is raised, Council considered:

- The rateable value of the land;
- Relative valuations between different types of land;
- The approach to general rating adopted by the Diamantina Shire Council for the 2020/21 financial year;
- The demand that some land uses place on the services which Council is required to provide; and
- The ability of the land to generate revenue.

Pursuant to section 81 of the *Local Government Regulation 2012* categories into which rateable land is categorised, the description of those categories and, pursuant to sections 81(4) and 81(5) of the *Local Government Regulation 2012*, the method by which land is to be identified and included in its appropriate category is as follows:

COLUMN 1 CATEGORY	COLUMN 2 DESCRIPTION	COLUMN 3 IDENTIFICATION

Definitions for words used in this table

“Mining”

Land that was used, is used, or intended to be used:

- as a mine (or for purposes ancillary or associated with mining such as, for example, washing down, stockpiling and loading, haulage, water storage, buffering and rehabilitation); or
- in conjunction with other land as part of an integrated mining operation.

For the purposes of the definition of mining, “**integrated mining operation**” means land contained in more than one rateable assessment which land was used, is used, or intended to be used in an integrated manner for the purposes of mining or purposes ancillary or associated with mining such as, for example, washing down, stockpiling and loading, haulage, water storage, buffering and rehabilitation.

“Land Use Code”

The land use codes referred to in Column 3 above are prepared and adopted by the Diamantina Shire Council for use in conjunction with the differential rating categorisation, description and identification table appearing above. Similarly, the definitions of these land use codes are prepared and adopted by the Diamantina Shire Council for use in conjunction with the differential rating categorisation, description and identification table appearing above. A full list of the [land use codes](#) and their definitions are in Attachment 1.

“Bedourie - Map 1”, “Betoota - Map 2” and “Birdsville - Map 3”

These are the three maps that have been specifically prepared for the purposes of identifying the location of particular rating categories. Copies of these three maps are attached. The originals of the three maps are retained by the Chief Executive Officer.

Pursuant to section 94 of the *Local Government Act 2009* and section 80 of the *Local Government Regulation 2012*, the differential general rate to be made and levied for each differential general rate category and, pursuant to section 77 of the *Local Government Regulation 2012*, the minimum general rate to be made and levied for each differential general rate category, is as follows:

Objection to Categorisation

Pursuant to section 90 of the *Local Government Regulation 2012* the owners of rateable land will be informed that they have the right of objection to the category their land is included in. All objections shall be to the Chief Executive Officer of the Diamantina Shire Council and the only basis for objection shall be that at the date of issue of the rate notice, the land should belong to a different rating category.

Separate Charge

Pursuant to section 94 of the *Local Government Act 2009* and section 103 of the *Local Government Regulation 2012*, Council will make and levy a separate charge (to be known as the "Environmental Levy Separate Charge"), in the sum of \$105.06 per rateable assessment, to be levied equally on all rateable land in the shire, for environmental and waste management purposes.

Utility Charges

Water Utility Charge

Pursuant to section 94 of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council will make and levy water utility charges, for the supply of water services by the Council, as follows:-

Water charges are determined, collected and used for the purpose of defraying the cost of planning, water demand management and constructing water infrastructure including interest and redemption charges incurred by Council and the cost of operating, maintaining and managing the water supply systems in Bedourie and Birdsville.

As such, the utility charge for water services shall be charged as a 2-part charge in accordance with section 101(1)(b) of the *Local Government Regulation 2012*, comprising:-

- (a) an access charge; and
- (b) a charge for the amount of water used (a consumption charge).

The access charge shall be levied on every parcel of rateable land in Council's water service area. Council believes that it is logical and equitable for all ratepayers who have access, or may have access, to Council's water supply infrastructure to contribute to the fixed costs of the water supply operation.

The consumption charge shall be calculated:-

- (a) where water used by land is measured by a water meter, having regard to the actual metered consumption.
- (b) where water used by land is not measured by a water meter, in accordance with Table A, where Council considers the relativity between each land use type in determining the number of units allocated.

Table A

DESCRIPTION OF LAND	BEDOURIE WATER SUPPLY (WATER UNITS)	BIRDSVILLE WATER SUPPLY (WATER UNIT)
Vacant unconnected Land	5	10
Vacant Connected Land	8	16
Detached Dwelling	10	20
Attached Dwelling Unit -each	8	16

DESCRIPTION OF LAND	BEDOURIE WATER SUPPLY (WATER UNITS)	BIRDSVILLE WATER SUPPLY (WATER UNIT)
Stock Trough	15	15
Council Outdoor Sports Facility	20	40

Bedourie and Birdsville are supplied with water from the Artesian Basin as their potable water supply. In addition, Birdsville is supplied with an untreated water supply from the Diamantina River for gardening purposes. An equivalent number of units is charged for a potable supply and untreated supply in Birdsville.

Each use on the land is aggregated to determine the total water units to be charged to the land. Eg. Where a Hotel and a detached dwelling are on the same lot in Bedourie, a total of 25 units of water would be charged (15 for hotel and 10 for dwelling).

The charge per water unit is \$44.28.

Pursuant to section 102(2) of the Local Government Regulation 2012, a water meter is taken to have been read during the period that starts 2 weeks before, and ends 2 weeks after, the day on which the meter is actually read.

Sewerage Utility Charge

Pursuant to section 94 of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council will make and levy sewerage utility charges, for the supply of sewerage services by the Council, as follows:-

Sewerage charges apply to all properties that are contained either wholly or partly within the declared sewered area or outside the declared sewered area but connected or may be connected to Council's sewerage system.

Revenue from these charges is used for the purpose of defraying the cost of planning and constructing sewerage infrastructure including any interest and redemption charges incurred by Council, and the cost of operating, maintaining and managing the sewerage system. The charge is set to recover these costs. A charge is applied to each W.C. pedestal installed on each property (exceptions apply).

Pursuant to Section 99 of the *Local Government Regulation 2012* sewerage charges as set out hereunder, be made and levied in accordance with the several bases set out hereunder for the supply of a common effluent drainage system (CED) by the Council.

- (i) A CED sewerage charge will apply to all improved rateable properties and non-rateable properties which are connected to the Council's CED systems, as per schedule 1.

Schedule 1		
CED Scheme	Charge applies to:	% of CED Sewerage Connected Charge
Connected Sewerage Charge	- Each single residential dwelling. - Each unit in a multi-unit dwelling. - Each WC pedestal or urinal in non-residential premises. - Each of the first five (5) WC pedestal or urinal in an assessment with a land use of Hotel, Motel, Caravan Park and other approved Council commercial lodgings.	100% of Charge
Un-connected Sewerage Charge	Properties which are either contained wholly or partly within the declared CED sewer area but which are not connected to Council CED sewerage system	60% of Charge
5+ Pedestals Sewerage Charge	The sixth and each additional WC Pedestal or urinal on an assessment with a land use of Hotel, Motel, Caravan Park and other approved Council commercial lodgings.	40% of Charge

The CED sewerage connected charge is \$147.08.

Waste Collection Utility Charge

Pursuant to section 94 of the *Local Government Act 2009* and section 99 of the *Local Government Regulation 2012*, Council will make and levy waste collection utility charges, for the supply of waste collection services by the Council, as follows:-

Waste collection charges are determined on a user pays basis and collected and used for the purpose of defraying the cost of supplying a waste collection service for the removal and disposal of waste in Bedourie and Birdsville. The charges are set so as to recover waste collection costs including:

- Waste service administration
 - Waste collection
 - Provision of a suitable mobile garbage bin (and its replacement due to fair wear and tear)
 - Waste minimisation and reduction education
- (i) The waste collection charges will apply to all improved rateable and non-rateable properties which are either contained wholly or partly within the declared water or sewer areas in Bedourie or Birdsville, as per schedule 2.
- (ii) No adjustment shall be made for non-occupancy or use of premises less than 6 months in duration. No adjustment shall be made for non-occupancy or use of premises until written advice is given to Council and only from the date of receipt of that advice and the return of the relevant bins provided to Council.
- (iii) Charges for waste collection service will commence upon the premises being considered to be occupied and the delivery of the 240-litre bin to the premises by Council.
- (iv) Arrangements can be made to collect additional mobile garbage bins on the normal bin collection day on a temporary basis upon payment of the relevant charge.
-
- (v) Arrangements can be made to collect bin/s on days other than the normal bin collection day on a cost recovery basis.

Schedule 2	
Waste Collection Charges	Charge applies to:
Collection Charge - Residential	• Each premises' is allocated one (1) 240-litre mobile garbage bin and is serviced weekly. • If requested, each additional 240-litre weekly mobile garbage bin serviced on the normal bin collection day
Collection Charge – Non-residential	• Each property with a structure is allocated one (1) 240-litre mobile garbage bin and is serviced weekly. • If requested, each additional 240-litre weekly mobile garbage bin service. • Council's Environmental Health Officer will determine minimum bin numbers for any premise that is regulated by government legislation.

The Waste Management charge is \$105.06 per 240 litre bin.

DISCOUNT

Pursuant to section 130 of the *Local Government Regulation 2012*, the differential general rates made and levied shall be subject to a discount of 15% if paid within the discount period of 60 days of the date of issue of the rate notice provided that:

- (a) all of the aforementioned rates and charges are paid within 60 days of the date of issue of the rate notice;
- (b) all other rates and charges appearing on the rate notice (that are not subject to a discount) are paid within 60 days after the date of issue of the rate notice; and
- (c) all other overdue rates and charges relating to the rateable assessment are paid within 60 days of the date of issue of the rate notice.

It is considered that the provision of a discount encourages prompt payment of rates and the extended period of the discount period allows for the extended time taken for postal services to and from Bedourie.

PAYMENTS IN ADVANCE

Council accepts payments in advance by lump sum or by instalments. Interest is not payable on any credit balances held.

INTEREST

Pursuant to section 133 of the *Local Government Regulation 2012*, compound interest on daily rests at the rate of six point seven five percent (6.75%) per annum is to be charged on all overdue rates or charges.

The Department of Local Government, Racing and Multicultural Affairs advises that from **1 July 2020**, the new maximum interest rate of 8.53 per cent will apply for the 2020–21 financial year and a resolution setting the actual rate to be charged by a council will be required to be made at the budget meeting for the 2020–21 financial year.

LEVY AND PAYMENT

Pursuant to section 107 of the *Local Government Regulation 2012* and section 114 of the *Fire and Emergency Services Act 1990*, Council's rates and charges, and the State Government's Emergency Management, Fire and Rescue Levy be levied for the full year 1 July 2020 to 30 June 2021.

Pursuant to section 118 of the *Local Government Regulation 2012*, that Council's rates and charges, and the State Government's Emergency Management, Fire and Rescue Levy, be paid within 60 days of the date of the issue of the rate notice.

COLLECTION OF OUTSTANDING RATES AND CHARGES

Council requires payment of rates and charges within the specified period and it is Council's policy to pursue the collection of outstanding rates and charges diligently but with due concern for the financial hardship faced by some members of the community.

To this end Council has established administrative processes which allow for the payment of rates and charges by instalments and for the selection of various options (including legal action) for the recovery of debt.

REBATES AND CONCESSIONS

Concessions

Pursuant to section 120(1)(c) and section 122(1)(b) of the *Local Government Regulation 2012*, Council grants a concession, for those categories of ratepayers listed in Column 1 of the table below, by way of a rebate of the general rates and charges levied, in the (amounts/percentages), as identified in Column 2 of the table below:

Column 1	Column 2
7.1 – Commercial Birdsville Operating	100%
7.2 – Commercial Bedourie Operating	100%

The concession is granted because, as a consequence of the COVID-19 pandemic, requiring the ratepayers identified above to pay general rates and charges will cause them hardship.

Pensioners

Council will grant assistance by way of remission of rates and charges to approved pensioners under the State Government Pensioner Subsidy Scheme provided they:-

- hold a valid Blue Centrelink Pension Card, a Gold Veteran Affairs Card or a Blue Veteran Affairs Card
- are the registered owner or life tenant of the property; and
- are solely or jointly with a co-owner, legally responsible for the payment of the rates/charges; and
- reside on the property for which the remission is claimed; and
- make a claim on the appropriate application form, for an initial application.

COST RECOVERY FEES

Council administers regulatory fees and other general fees and charges. Generally the Council will set these fees and charges at a level which reflects the underlying costs and charges including allocated overheads and administration costs.

For cost recovery fees the expected revenue from fees and other sources for each regulatory scheme will not exceed the costs of the scheme.

The criteria used to determine an amount of a cost recovery fee may include:

- (a) Administrative costs including:
 - (i) acceptance and receipt of monies;
 - (ii) provision of relevant documentation; and
 - (iii) administrative support for all correspondence and advice both written and oral including wages, building overheads, stationery, and information technology time;
- (b) Inspection of completed and uncompleted works;
- (c) Assessment and report writing by Council staff members; and
- (d) Council meeting time.

Not all cost recovery fees are set at a level of full cost recovery at this time. Some regulatory fees are set at a level that encourages public access rather than full cost recovery.

For other fees and charges, where they relate to an operation which has private sector competitors, the fees will reflect the full cost.

The Council's Fees and Charges Schedule for 2020/2021 contains all general fees and charges and cost recovery fees and charges made by the Council and are open to inspection at the Council's public offices or on Council's website.

COMMERCIAL FEES AND CHARGES

One of the Council's aims in its Corporate Services program is to maintain a revenue base which emphasises a user pays principle where appropriate. Council's policy is also to structure some general charges so that the costs of each service, facility or activity provided are recovered.

Council operates business activities such as the Birdsville Tourist Park, Birdsville Lodge and Bedourie Tourist Park which provide accommodation services on a commercial basis. The fees and charges at each location is set at a level which, when the full cost of each operation is consolidated, provides an overall positive return to Council which is used to offset expenditure associated with tourism services and event support.

Council also undertakes private works for various parties associated with civil works or the supply of batched concrete. Charges are set at a level which takes into account the full cost of providing these works at the location requested including a return to Council.

At Council's Visitor Centres merchandise is sold with an appropriate markup which takes into account the full cost of the item being sold at that location and a return to Council.

4. CEO STATEMENT OF ESTIMATED FINANCIAL POSITION

The estimated financial position (cash balance and operating surplus/deficit) as at 30 June 2020 is significantly influenced by the timing of receipts and operational performance in the concluding months of the financial year as detailed below:

- Funds with QTC and at call total approximately \$14,328,000 at the end of June, and includes the receipt of the advance Finance Assistance Grants and advances from QRA for flood damage restoration works. This result is due to the year performing better overall than expected and not all capital works projects being completed. The cash position at 30 June 2020 is not expected to fall below this amount based on ordinary operations.
- With the positive operating result in recent months through significant roadwork being completed for DTMR, it is expect that a small surplus will result for the year.

Council should consider this position a realistic ending position for the year.

Leon Love
Chief Executive Officer
